### **Club relocation status:**

We've concluded our "rental" search effort and have seven locations we can select from. Of these, three are stronger candidate locations than the others. Unfortunately, all have at least one serious flaw so deciding which site would suite us best is difficult.

We've had some ups and downs looking for a space to lease. Leasing a location means that we are the tenants of the location and have full control over our space. Rental means that we go from month to month as we have been doing for years and pay as we go for just the nights we meet. Leasing gives us control of our fate. We can use any of the evenings or days as we like and will very likely expand our programs if we undertake leasing our own space.

We will probably be able to make a decision within the next three weeks and will then have a more firm projection of when we will move.

All of our serious candidate locations are in Framingham or Natick and about no further from Rt. 9 than our current location is.

Regardless of renting or leasing, at the moment a move for June to start playing in our new location looks possible.
