Boston Blitz Leads US Chess League Eastern Division

Come watch Tonight (Sept. 21) and all Wednesday nights. Volunteer "movers" needed!

The first season of the **United States Chess League** is in full swing! Come witness history as the **Boston Blitz** play their matches at the MetroWest Chess Club. Show your support for your local team and watch some exciting, world-class chess.

We also need **volunteers** to act as "movers." If you have ever used a computer program to play chess, or enter moves into a database, you can help. If you're familiar with the interface for the Internet Chess Club, that would be even better. Movers typically sit across from the team player and play the moves of the opponent as it's displayed on the laptop computer, then they enter in the move of the Boston player when he executes it on the board. Think of it as a chance to sit across from a Grandmaster and play moves another Grandmaster tells you. please contact via email (**info AT metrowestchess.org**) if you want to volunteer.

The US Chess League features eight teams from cities around the country comprised primarily of titled players competing in a ten week season. Each match takes place on Wednesday night with the players using the **Internet Chess Club** (www.chessclub.com) to play the games. Starting times vary from 7:00 P.M to 8:30 P.M. Check out <http://www.uschessleague.com> for schedule, standings, games, and reports on each round.

Matt Phelps
Boston Blitz Manager
